Greetings and Welcome Back!!

As we all prepare for the 2018-2019 school year, Perry Community Schools wants to **partner** with you, the parents and students, to make this year the best it can be. Our school theme this year is **One Team, One Purpose**. This theme means a **Perry Team** where individuals share positive energy and share a commitment to other staff members, parents, and students to build strong relationships. This attitude will create a synergistic atmosphere and culture that will produce **student success... that is our purpose**.

How can each one of us make Perry Schools the very best it can be? **Marketing the Positives!** Each parent, student, and community member has a responsibility to accentuate the accomplishments of our school. A positive school reputation means a positive learning atmosphere for each student. Accomplishments to be proud of:

- **Wide Range of Programs Offered:** From a successful PACES program at the Elementary to Skills USA at the High School. In addition, over 200 students earning college credits.
- **Connecting To Kids:** Rebooting the PBIS program at the Elementary; Implementing a program called Capturing Kids Hearts at the Perry Middle School and High School.
- **Top Notch Facilities:** Dewey Field Renovation; Updating All Facilities and Grounds; Perry Branding at Each School.
- **Quality Teaching and Learning:** The Iowa Assessment scores increased in each grade level and in each category... Great accomplishment!

My goal as superintendent is to help the staff, parents, and students to be the best version of themselves. We can all accentuate the positive and we can all work together to make Perry Schools a great place to learn and grow. Let's be proud of Perry Schools. Go Bluejays! Go Jayettes!

Make It A Great Day!

DISTRICT NOTIFICATIONS

Each year school districts are required by legislative action to make families aware of specified District Policies through a public notice. The following policies are those that are required to be included in this public notice. In some instances these policies may also be included in the building-level student handbooks.

ANNUAL NOTICE

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. They are:

1. The right to inspect and review the student’s education records within 45 days of the day the district receives a request for access.

Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate or misleading or in violation of the student’s privacy rights.

Parents or eligible students may ask the school district to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, AEA employees, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee or student assistance team, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

4. The right to inform the school district that the parent does not want directory information, as defined below, to be released. Directory information can be released without prior parental consent.

Any student over the age of eighteen or parent not wanting this information released to the public must make object in writing by September 1st to the principal. The objection needs to be renewed annually.

NAME, ADDRESS, TELEPHONE LISTING, DATE AND PLACE OF BIRTH, E-MAIL ADDRESS, GRADE LEVEL, ENROLLMENT STATUS, MAJOR FIELD OF STUDY, PARTICIPATION IN OFFICIALLY RECOGNIZED ACTIVITIES AND SPORTS, WEIGHT AND HEIGHT OF MEMBERS OF ATHLETIC TEAMS, DATES OF ATTENDANCE, DEGREES AND AWARDS RECEIVED, THE MOST RECENT PREVIOUS SCHOOL OR INSTITUTION ATTENDED BY THE STUDENT, STUDENT ID NUMBER, USER ID OR OTHER UNIQUE PERSONAL IDENTIFIER, PHOTOGRAPH AND LIKENESS AND

OTHER SIMILAR INFORMATION.

5. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave., SW, Washington, DC, 20202-4605.

The School District may share any information with the Parties contained in a student’s permanent record, which is directly related to the juvenile justice system’s ability to effectively serve the student. Prior to adjudication information contained in the permanent record may be disclosed by the School District to the Parties without parental consent or court order. Information contained in a student’s permanent record may be disclosed by the District to the Parties after adjudication only with parental consent or a court order. Information shared pursuant to the agreement is used solely for determining the programs and services appropriate to the needs of the student or student’s family or coordinating the delivery of programs and services to the student or student’s family. Information shared under the agreement is not admissible in any court proceedings, which take place prior to a disposition hearing, unless written consent is obtained from a student’s parent, guardian, or legal or actual custodian. Information obtained from others shall not be used for the basis of disciplinary action of the student. This agreement only governs the School District’s ability to share information and the purposes for which that information can be used.

The purpose for the sharing of information prior to a student’s adjudication is to improve school safety, reduce alcohol and illegal drug use, reduce truancy, reduce in-school and out-of-school suspensions, and to support alternatives to in-school and out-of-school suspensions and expulsions which provide structured and well supervised educational programs supplemented by coordinated and appropriate services designed to correct behaviors that lead to truancy, suspension, and expulsions and to support students in successfully completing their education.

The juvenile justice agency requesting the information will contact the principal of the building in which the student is currently enrolled or was enrolled. The principal will forward the records within 10 business days of the request.

Confidential information shared between the agency and the District shall remain confidential and shall not be shared with any other person, unless otherwise provided by law.

PARENTS’/GUARDIANS’ RIGHTS NOTIFICATION (HIGHLY QUALIFIED STAFF)

Parents/guardians in the Perry Community School District have the right to learn about the following qualifications of their child’s teacher: state licensure requirements for the grade level and content areas taught, the current licensing status of your child’s teacher, and baccalaureate/graduate certification/degree. Parents/guardians will be informed should their child be taught by a non-highly qualified teacher for a period of four or more consecutive weeks. You may also request the qualifications of a highly qualified instructional paraprofessional who serves at Perry Elementary School.

Parents/guardians may request this information from the Office of the Superintendent by calling 465-4656 or sending a letter of request to the Office of the Superintendent, 1102 Willis Avenue, Suite 200, PO Box 69, Perry, IA 50220.

OPEN ENROLLMENT POLICY

Parents requesting open enrollment for their student will notify the sending and receiving school district no later than March 1 in the school year preceding the first year desired for open enrollment. The notice is made on forms provided by the Department of Education. The forms are available at the central administration office.

Parents of children who will begin kindergarten in the school district are exempt from the open enrollment March 1 deadline. Parents of children who will begin kindergarten will file in the same manner set forth above by September 1. Parents who have good cause as defined by law for failing to meet the March 1 deadline may make an open enrollment request by September 1 unless another deadline applies.

Parents of students whose open enrollment requests are approved by the Board of Education shall be responsible for providing transportation to and from the receiving district without reimbursement unless the parents financially qualify for transportation assistance.

For more information on Open Enrollment options, please contact the School Administration Center.

ABUSE OF STUDENTS BY SCHOOL DISTRICT PERSONNEL

Physical or sexual abuse of students, including inappropriate and intentional sexual behavior, by employees will not be tolerated. The definition of employees for the purpose of this policy includes not only those who work for pay but also those who are volunteers of the school district under the direction and control of the school district. Employees found in violation of this policy will be subject to disciplinary action up to and including discharge.

The school district will respond promptly to allegations of abuse of students by school district employees by investigating or arranging for the investigation of an allegation. The processing of a complaint or allegation will be handled confidentially to the maximum extent possible. Employees are required to assist in the investigation when requested to provide information and to maintain the confidentiality of the reporting and investigation process.

Anyone believing that a student has been abused by a District employee should report the abuse to the Board appointed Level One Investigators, Clark Wicks, 465-4656, or Mel Raskie, 465-8423.

accommodation for human beings;

- Migratory children who qualify as homeless because they are living in circumstances described above.

It is the policy of the Perry Community School District not to discriminate on the basis of race, color, national origin, sex, disability, religion, creed, age (for employment), marital status (for programs), sexual orientation, gender identity and socioeconomic status (for programs) in its educational programs and its employment practices.

Inquiries concerning the school district’s compliance with the regulations implementing Title VI, Title IX, the Americans with Disabilities Act (ADA), § 504 or Iowa Code § 280.3 may be directed to the Section 504 Coordinator, who has been appointed by the Board of Directors as the Section 504 Coordinator, Kevin Vidergar, at the High School, 1200 18th St., Perry, Iowa 50220 or the Director of the Office of Civil Rights, Department of Education, Chicago, IL.

POST SECONDARY ENROLLMENT OPTIONS

Students regularly enrolled in the Perry Community School District in the eleventh or twelfth grades are eligible to participate in the post-

secondary enrollment plan. Students in the ninth or tenth grade who have been identified by the District as gifted and talented students are also eligible to participate in the post-secondary enrollment plan. The students must be enrolled only part-time in the post-secondary institution and must continue to be enrolled in courses at the Perry High School. Students interested in this option should contact their High School Guidance Counselor for additional information.

PERIODIC INSPECTIONS-LOCKERS, DESKS AND SCHOOL FACILITIES

Lockers, desks and other facilities and spaces remain at all times property of the District, even though temporarily assigned as a courtesy to students. These facilities are subject to unannounced inspections, and students have no legitimate expectations of privacy in these facilities even though they may be locked. Written notice shall be given annually to each student and his/her parents, guardians or custodians that the District may conduct periodic inspections without prior notice of all or a randomly selected number of school lockers, desks and other facilities or spaces owned by the District and provided as a courtesy to students.

WEAPONS POLICY

The board believes weapons, other dangerous objects and look-a-likes in school district facilities cause material and substantial disruption to the school environment or present a threat to the health and safety of students, employees and visitors on the school district premises or property within the jurisdiction of the school district.

School district facilities are not an appropriate place for weapons, dangerous objects and look-a-likes. Weapons and other dangerous objects and look-a-likes will be taken from students and others who bring them onto the school district property or onto property within the jurisdiction of the school district or from students who are within the control of the school district.

Parents of students found to possess weapons, dangerous objects or look-a-likes on school property are notified of the incident. Possession or confiscation of weapons or dangerous objects or look-a-likes will be reported to law enforcement officials, and students will be subject to disciplinary action including suspension or expulsion.

HUMAN GROWTH AND DEVELOPMENT

Students in grade levels kindergarten through twelve will receive, as part of their health education, instruction about personal health; food and nutrition; environmental health; safety and survival skills; consumer health; family life; human growth and development; substance abuse and non-use, including the effects of alcohol, tobacco, drugs and poisons on the human body; human sexuality; self-esteem; stress management; interpersonal relationships; emotional and social health; health resources; prevention and control of disease; and communicable diseases, including acquired immune deficiency syndrome. The purpose of the health education program is to help each student protect, improve and maintain physical, emotional and social well-being.

The areas stated above are included in health education and the instruction are adapted at each grade level to aid understanding by the students.

Parents who object to health education instruction in human growth and development may file a written request that the student be excused

from the instruction. The written request will include a proposed alternate activity or study acceptable to the superintendent. The superintendent will have the final authority to determine the alternate activity or study.

NOTICE: CORPORAL PUNISHMENT, RESTRAINT, AND PHYSICAL CONFINEMENT AND DETENTION

State law forbids school employees from using corporal punishment against any student. Certain actions by school employees are not considered corporal punishment. Additionally, school employees may use “reasonable and necessary force, not designed or intended to cause pain” to do certain things, such as prevent harm to persons or property.

State law also places limits school employees’ abilities to restrain or confine and detain any student. The law limits why, how, where, and for how long a school employee may restrain or confine and detain a child. If a child is restrained or confined and detained, the school must maintain documentation and must provide certain types of notice to the child’s parent.

If you have any questions about this state law, please contact your school. The complete text of the law and additional information is available on the Iowa Department of Education’s web site: www.iowa.gov/educate.

ANIMALS ON DISTRICT PREMISES

Code No. 606.7

For the purposes of this policy, “District premises” refers to school buildings, vehicles, and all other District property. The District shall comply with all state and federal laws, regulations, and rules regarding the use and presence of animals.

Animals Inside Buildings

The District is dedicated to protecting the health and well-being of our students, staff, and visitors. Some animals present issues such as allergic reactions, cleanliness, and unpredictable behavior. Therefore, no unauthorized animals are allowed inside District buildings or vehicles with the exception of those that are necessary for the curriculum of specific classes or as specified in the Board Policy Manual. The building administrator retains discretion to exclude or remove an animal from District premises.

Animals Outside of Buildings

In order to maintain a safe and healthy environment for all students, staff, and community members, the following rules apply to District premises.

- All animals on District property must be leashed and under appropriate control at all times.
- Unauthorized animals are not allowed on District athletic fields or at school events at any time, even if leashed. Any persons found with an unauthorized animal will be asked to remove it from the premises. This procedure complies with the provisions of Iowa Code 216C. As such, a person with a disability or a person training an assistive animal has the right to be accompanied by a service dog or an assistive animal, under control. The person is liable for damage done to any premises or facility by an animal.
- While on District property, the owner must have the means to remove of any waste left by the animal.
- The owner is responsible for immediate repair and cleanup of incidental damage caused by the animal (including digging

damage). Cleanup and repairs should be thorough enough so as to generate no additional work for District staff, or inconvenience for members of the community or visitors.

Curriculum-Essential Animals

Animals permitted in schools shall be limited to those necessary to support specific curriculum-related projects and activities and subject to approval by the building administrator.

Taking into consideration that some animals can cause or intensify allergic reactions or other health concerns and/or cause damage and create a hazard if they escape from confinement, a Building Administrator may permit animals to be present in classrooms to support curriculum-related projects and activities only under the following conditions:

- The staff member seeking approval to have an animal in their classroom will provide a current satisfactory health certificate or report of examination from a veterinarian, when appropriate, for the animal which indicates the animal meets state and county veterinary requirements.
- The staff member seeking approval must identify and exercise precautions deemed necessary to protect the health and safety of students, staff, and visitors.
- The staff member seeking approval must ensure that the animal is treated humanely, ensuring it is in a healthy condition, and that appropriate confinement is properly cleaned and maintained while keeping surrounding areas clean and sanitary.
- The staff member seeking approval takes all responsibility for the animal during any and all breaks from school. All animals shall be removed from the campus during summer break. Animals may remain during Winter and/or Spring breaks as long as appropriate arrangements for care have been made in advance by the staff member and approved by the Building Administrator.

Service Animals on District Premises

A service animal is permitted to accompany an individual with a disability onto District premises. The District shall comply with all state and federal laws, regulations and rules regarding the use of service animals by staff or students with a disability under appropriate circumstances.

Definition of Service Animal

This regulation applies to any dog or miniature horse that is individually trained to do work or perform tasks for the benefit of an individual with a disability as defined by the Americans with Disabilities Act (ADA). Service animals are working animals, not pets. The work or task that a service animal has been trained to provide must be directly related to the person's disability. Animals whose sole function is to provide comfort or emotional support do not qualify as service animals under the ADA.

Procedures/Requirements

Use of service animals by staff or students with a qualifying disability is subject to the following procedures and requirements:

- The Superintendent/designee may ask an individual with a disability or the parent/guardian of a student with a disability if the service animal is required because of a disability. Information about the nature or extent of the disability is not required. The District may request that the individual identify and describe the work or task that the animal has been trained to perform.
- The Superintendent/designee will require documentation that the service animal is properly licensed pursuant to local animal

control licensure laws, rules, or regulations, to ensure current vaccinations.

- The use of a service animal on District premises may be subject to a plan designed to introduce the service animal to the school environment, any appropriate training for staff and students regarding interaction with the service animal, and other activities or conditions deemed necessary by the District. However, an individual with a disability who uses a service animal will not be restricted from entry onto District premises prior to completion of any training/familiarization deemed appropriate.
- Service animals must be under the control of their handlers at all times. Service animals must wear proper identification and always be on a leash or other form of restraint mechanism, unless the handler is unable because of a disability to use a harness, leash, or other tether, or the use of such mechanism would interfere with the service animal's safe, effective performance of work or tasks, in which case the service animal must otherwise be under the handler's control (voice control, signals, or other effective means).
- It is the responsibility of the student (or, if the student is unable, the student's parent/guardian) or staff member with a disability to be the animal's handler. The handler must have the service animal utilize the animal waste and disposal area designated by the Superintendent/designee at all times.
- Service Animals will be allowed in District transportation vehicles only when the service animal is under the control of a properly trained handler, including while entering and exiting the vehicle.
- The District retains discretion to exclude or remove a service animal from its property if:
 - o The animal is out of control and the animal's handler does not take effective action to control the animal's behavior.
 - o The animal is not housebroken.
 - o The animal's presence or behavior fundamentally interferes in the functions of the District.
 - o The animal poses a direct threat to the health or safety of others that cannot be eliminated by reasonable modifications.

Liability

The student (parent/guardian) or staff member with a disability is liable for any damage to the District's property, personal property, and any injuries to individuals caused by their service animal to the same extent that a non-disabled individual who caused such damage would be held liable by the District. The student (parent/guardian) or staff member with a disability who uses a service animal on District property will indemnify and hold harmless the District and its officers, employees, agents, and assigns from any such damages.

Therapy Dogs on District Premises

A therapy dog is permitted onto District premises. The District shall comply with all state and federal laws, regulations and rules regarding the use of therapy dogs by staff or students under appropriate circumstances.

Purpose

Therapy dogs can be used to achieve specific physical, social, cognitive, and emotional goals with students or staff. A therapy dog is trained to provide affection and comfort to students or other individuals under the direction and control of a qualified handler who works with the dog as a team. Therapy dogs are not "service animals" as defined by the Americans with Disabilities Act, 28 C.F.R. Part 35.

Procedures/Requirements

- Therapy dogs are required to have one of the following professional certifications on file at the school:
 - Therapy Dogs International (TDI)
 - Delta Society Certification (as a therapy dog)
 - AKC's Canine Good Citizen Program (CGC)
- The dog that is brought to a school building will need to be accompanied by a trained handler who has worked with the dog during the certification process. The handler shall also be certified or licensed as a professional in the State of Iowa (e.g. teacher, counselor, psychologist) and must be either a District staff member or a registered District volunteer. References regarding the handler's certifications and/or licensure should be provided. Therapy dogs must be under the control of their handlers at all times, wear proper identification, and always be on a 4-foot leash, or shorter, or restricted by some form of containment.
- All legal liability will be assumed by the owner of the certified dog.
- Requests for the use of a certified therapy dog will be made by the handler by completing the appropriate form and submitting it to the Building Administrator. The dog must be clean and well-groomed with trimmed nails, clean teeth, free of internal and external parasites, and in overall good health. Any dog with a fresh wound, recent surgery or other injuries must be excused from therapy visits until fully recovered and healed. Female dogs in "season" cannot participate in therapy visits. Up-to-date inoculations and designated veterinarian information must be included.
- An Administrator should submit a summary of expected duties and responsibilities of both the therapy dog and the primary handler to the Office of Learning Supports.
- The owner of the dog must provide a crate for the dog along with an area for the dog to stay if an individual has pet allergies or significant emotional discomfort with any type of animal.
- The primary handler will be solely responsible for any clean up related to the dog ensuring compliance with state and federal regulations.
- Parents must be informed of the presence of a therapy dog in the school building to allow any concerns or questions to be raised.
- The District/Building Administrator retains discretion to exclude or remove a therapy dog from its property for any reason including but not limited to:
 - The handler does not take effective action to control the dog's behavior.
 - The dog is not housebroken.
 - The dog's presence or behavior fundamentally interferes in the functions of the District.
 - The dog poses a direct threat to the health or safety of others that cannot be eliminated by reasonable modifications.

STUDENT HANDBOOK NOTICE REGARDING VIDEO SURVEILLANCE

The Perry Community District Board of Directors has authorized the use of video cameras in public spaces in school district buildings and on school premises. The video cameras will be used to monitor and/or record activities in order to promote and maintain a safe environment. Video recordings depicting students may be confidential student records

and may be retained and used like other student records. Video recordings may be retained if necessary for use in a student disciplinary proceeding or other matters as determined necessary by the school administration. Parents may request to view video recordings of their child if the video recordings are used in a disciplinary proceeding involving their child or as otherwise authorized by law.

In the event of a health or safety emergency, law enforcement officials and other emergency responders may be provided access to video monitors and/or recordings.
