

Facts about Perry  
Schools Return to Learn  
Before School  
Admittance Procedures

# Facts about Before School Admittance

## Perry Elementary:

- Upon arrival at school, students will report directly to their 'indoor recess hallways'. There will be no before-school recess at this time due to the large number of students from multiple grades. Instead, students will report to the hallways/classrooms. We encourage students not eating breakfast to arrive at school as close to 8:10am as possible.
- Students eating breakfast will pick up a grab-and-go style breakfast and sit in the MPR or gym, practicing social distancing as much as possible. Building staff will remind students of social distancing practices and encourage students to sit in every other seat when possible.
- Parents and visitors will not be permitted to join students for breakfast at this time. Once students have finished their breakfast, they will report to their classroom/hallway until the start of the school day.

# Facts about Before School Admittance

## Perry Middle School

- Students will be sent to their classroom upon arrival to school after 7:35am and may receive a grab-n-go breakfast.
- Students will pick up a grab-and-go style breakfast and practice social distancing as much as possible, eating breakfast in the lunchroom or possibly classroom

## Perry High School

- Students not eating breakfast will be encouraged to report to their first period class. Social distancing rules are recommended.
- Students will pick up a grab-and-go style breakfast and sit in the commons, practicing social distancing as much as possible. Students may eat in the hallways on hard surfaces for additional space.

Building Leadership Teams which include school nurses, counselors and teachers, are continuing to meet for each building to discuss building-specific practice to promote social distancing throughout the school day.

# Dismissal

## **Dismissal:**

- **High School: Social Distancing will be encouraged during dismissal.**
- **Middle School: Social Distancing will be encouraged during dismissal.**
- **Elementary School: Dismissal times will be staggered to ensure that walkers, PACES, and bussers are exiting the building at different times. Bussers at Perry Elementary will be escorted out to the busses by their classroom teacher, rather than congregating in the gym for bus dismissal.**

**Additional measures to increase social distancing may be added as we see how arrival and dismissal procedures are working. This may include changing times of arrival and dismissal or staggering times.**
